Attachment A

Shared Agency Computer Software End User License Agreement

This Shared Agency Purchase and License Agreement ("Shared Agency Agreement"), together with a Computer Software End User License Agreement ("License Agreement") and one or more executed Sales Quote/Purchase Agreements ("Purchase Agreement"), constitute one integrated agreement and is the complete and exclusive statement of Spillman's obligations and responsibilities with regard to licensing software. All capitalized terms used and not otherwise defined therein shall have the definitions given to such terms in the License Agreement.

Section 1: Definitions:

- 1.1 **Shared Agency** - (Blount County, TN Sheriff's Office) - A "Shared Agency" is an agency that has purchased the right and license to use the same copy of a Spillman Licensed Product currently licensed by another agency as Licensee (Host Agency).
- 1.2 **Host Agency** (Blount County E9-1-1 Communications) – The "Host Agency" is a current Spillman Licensee that has authorized and agreed to "share" the use of their Spillman Licensed product with the Shared Agency.

Section 2: License

Spillman grants to Shared Agency a non-exclusive, non-transferable license to use the same copy of the "Licensed Program" and related materials, which are presently licensed to the Host Agency, subject to the terms and conditions set forth in the License Agreement, as well as the terms and conditions specified in Section 2, below. Shared Agency agrees to comply with all such terms and conditions. This license may be terminated at any time if Shared Agency breaches such terms.

Section 3: Scope of Rights

- 2.1 Shared agency understands that all assistance and support for the Licensed Program may be obtained only through the Host Agency. This Agreement does not entitle Shared Agency to any Spillman services beyond the license to use the Licensed Program.
- 2.2 The warranty term for the Licensed Program is limited to the remaining Warranty term granted through the Host Agency's License Agreement.
